AGREEMENT

AGREEMENT, made and entered into this day of ^{30th} April, 2019 by and between the Town of TIVERTON and LOCAL 1703, INTERNATIONAL ASSOCIATION OF FIREFIGHTERS, AFL-CIO.

ARTICLE I

Section 1. Recognition

The Town of Tiverton recognizes Local 1703, International Association of Firefighters, AFL-CIO, as the sole and exclusive bargaining agent for all permanent men of the Tiverton Fire Department, except the Chief and Deputy Chief, for the purpose of collective bargaining relative to wages, salaries, hours and working conditions. The rights of the Town of Tiverton and employees shall be respected and the provisions of this Agreement shall be observed for the orderly settlement of all questions. The Chief of the Department, and Deputy Chief are not included in this Agreement.

Effective June 30, 2004, the position of dispatcher shall no longer be included as a bargaining unit position in Local 1703, International Association of Firefighters, AFLCIO and any firefighter(s) assigned to said position as of June 30, 2004 shall, after said date, be assigned to firefighting/EMT positions at stations as determined by the Chief of the Department.

Section 2. Union Security

The Town of Tiverton agrees not to discharge or discriminate in any way against employees for Union membership or Union activities. All full-time, active, permanent firefighters shall have the right to join or refrain from joining Local 1703, IAFF, AFL-CIO.

Section 3. Neutral Reference

All references to a member covered by this agreement as well as the use of the pronoun "he" is intended to include both genders. When the male gender is used, it shall be construed to include both male and female employees.

Section 4. Non-discrimination Reference

The Employer and the Union agree that they will continue policies of nondiscrimination on the basis of an individual's race, color, national origin, religious affiliation, gender, age, or sexual orientation or preference.

The Employer and the Union agree that neither shall discriminate against any employee in the administration of this Agreement because of membership or non-membership in the Union.

ARTICLE II

Section 1. Management Rights

Local 1703, IAFF -AFL-CIO acknowledges the right of the Town of Tiverton to issue rules and regulations governing the internal conduct of the Fire Department as provided by law.

ARTICLE III

Section 1. Seniority

Seniority of employees shall be determined by the length of continuous service. A break in service is defined as unauthorized leave of thirty (30) calendar days from the Tiverton Fire Department. Accurate and up-to-date seniority list shall be posted in each station during the month of July of each year.

Section 2.

For purpose of selecting vacation time and call back for overtime seniority of employees shall be determined by length of time in service in the Tiverton Fire Department.

ARTICLE IV

Section 1. Vacancies - Private Ranks

As far as possible, the Department shall anticipate for filling vacancies in the private's rank.

Section 2. Detail to Other Departments Prohibited

The Town of Tiverton agrees that any employee covered by this Agreement shall not be transferred to other departments of the Town.

Section 3. Creation of Division, Department, Bureau

If any division or bureau having full or part-time salaried positions is created within or becomes associated with the Fire Department, first opportunity to fill the positions shall be given to members of the permanent Fire Department who meet the minimum qualifications. If there is more than one applicant the most senior of those applying who meet the minimum qualifications shall be awarded the position.

ARTICLE V

Section 1. Duties

The principal duties of the Fire Department shall consist of prevention, control and extinguishing of fire, emergency medical services, first aid, and other rescue responsibilities together with the necessary administrative and service functions presently conducted by the Fire Department and as set forth in the Rules and Regulations adopted by the Town for the management of the Fire Department. Effective June 30, 2004, the duties of dispatcher shall no longer be assigned to firefighters and shall not be included as part of the principle duties of bargaining unit members of the Fire Department.

Notwithstanding any provision in this Agreement to the contrary, the Union recognizes the Town's authority to utilize qualified per diem and/or part-time employees to perform any duties within the Department, including, but not limited to, those set forth herein.

Members of the Fire Department will not be required to perform repairs or maintenance work to the exterior of any fire station or areas not occupied by or for firefighters or firefighting purposes. Members may volunteer to perform such work so long as the Union is informed in advance of any such requests to perform this work.

Section 2. Probationary Status

The dismissal of a probationary fire-fighter (first year of employment) shall not be subject to the grievance or arbitration provisions of the Agreement.

Section 3. Transfers

The transfer from one unit to another within the Fire Department shall be the responsibility of the Chief of the Department.

All transfers that are a result of the desire of the employee to move from one position or shift to another position or shift, shall be made at no cost to the Town and will be made voluntarily by the employee or employees. If the Chief forces an involuntary transfer, then the Chief will afford the member with time off commensurate with time worked as a result of the transfer.

Section 4. Mutual Transfers

Mutual transfers as approved by the Chief may be allowed between members of the Tiverton Fire Department, provided however, that all parties are qualified and all senior members are offered said positions. Approval of such transfers will not be unreasonably withheld.

ARTICLE VI

Section 1. Hours

The regular work schedule for the Fire Department members assigned to firefighting and rescue operations shall be an average annual work week of fifty-six (56) hours with the regular hourly rate of pay for such members to be one fifty-sixth (1/56th) of the member's regular weekly pay.

The actual work schedule and tour hours for all firefighter shift employees covered by this Agreement shall be as follows:

The tour of the firefighting and rescue operations shall be a forty-eight (48) hour shift commencing at 7:00 a.m. on one day and ending at 7:00 a.m. on the second following day. Each tour of duty shall be followed by ninety-six (96) hours off.

The Town and the Union shall meet each year to discuss different variations of a 3-platoon, 56-hour per week schedule, and the parties may change the schedule by mutual agreement, provided it still results in a 3-platoon system/56-hour (average) workweek.

The regular work schedule for the Fire Marshal shall be five (5) eight (8) hour days, each with a one-half (1/2) hour unpaid lunch period, followed by two (2) days off. The Fire Marshal, thus, will have a work schedule of forty (40) hours per week, with a regular hourly rate to be determined by dividing the member's weekly pay by forty (40).

Section 2. Substitutions

The right to substitute may be permitted, provided, however, that the permission to substitute is obtained from the Chief or his designated next in command which permission shall not be arbitrarily withheld.

Section 3. Firefighting Units/Rescue - Overtime

Members of the Firefighting/Rescue Units who are required to work beyond or outside their regular shifts shall be paid at the rate of time and one half. The first thirty (30) minutes of each hour worked outside their regular shift shall be paid based on the amount of actual time worked. If a firefighter works between thirty-one (31) and sixty (60) minutes it will be considered a full hour. All overtime shall be shared as nearly equal as possible among all Department personnel based upon seniority of the Department personnel within each fiscal year.

Notwithstanding the preceding paragraph or any other provision in this Agreement to the contrary, commencing on July 1, 2015, when the Town reaches One Hundred Twenty-Five Thousand Dollars (\$125,000.00) in overtime expenses for the Fire Department (i.e., time and one half pay) for that fiscal year (excluding emergency overtime that is reimbursed by the state or federal government), the Town shall strictly adhere to Section 7(k) of the federal Fair Labor Standards Act ("FLSA"), 29 U.S.C. 207(k), and accompanying regulations, commencing on the first day of that fiscal year in which the Town's overtime expense exceeds One Hundred Twenty-Five Thousand Dollars (\$125,000.00) through and including the last day of that fiscal year. Strict adherence with Section 7(k) of the FLSA shall mean that firefighters will only be entitled to overtime pay (i.e., time and one half the firefighter's regular hourly rate of pay) for time actually worked in excess of 212 hours in a 28-day work period. Only actual hours worked shall be counted toward the 212 hours calculation. All sick, vacation, personal leave, emergency leave, family medical leave, military leave and other time off, except for bereavement leave and union meeting leave (Article XII, Section 2), shall not count as hours worked for the purposes of the 212 hours calculation. Time worked as a substitution shall not count as hours worked for the purposes of the 212 hours calculation; however, time taken off and replaced by a substitution at no cost to the Town shall be credited as hours worked for the employee taking the time off. The Town shall have the discretion to utilize any work-period between 7-days and 28-days for the purpose of this calculation, provided the overtime hours threshold will be adjusted in accordance

with the FLSA to reflect the same ratio of 212 hours to 28-days (e.g., if the Town utilizes a 14-day work period, the overtime threshold will be 106 hours over that 14-day period; if the Town utilizes a 7-day work period, the overtime threshold will be 53 hours over that 7-day work period).

The foregoing overtime threshold will remain at \$185,000 for FY2020 and each fiscal year thereafter the overtime threshold will be adjusted by the annual salary adjustment, if any, set forth in Article IX, Section 1 of this Agreement.

The Fire Marshal shall be an exempt, salaried position and, thus, not subject to overtime. The Fire Marshal may, however, work a flex schedule with approval by the Fire Chief.

Section 4. Call Back

Members of the Department called back for work shall be compensated for a minimum of two (2) hours at the rate of time and one-half (1½) and at the rate of time and one-half (1½) for all hours in excess of two (2) hours. For the purpose of this Section, any time worked in any hour after two (2) hours shall be considered a full hour.

Section 5. Out-of-Grade Work

An employee who is assigned to work in a higher grade or rank shall be paid the full pay of the higher grade or rank. This pertains to acting chiefs, captains, and or lieutenants.

In the event that a shift officer is not on duty, a member of the department assigned to that shift, who is of lesser grade, shall be an acting-officer for the duration of the officer's absence. This employee shall be taken from the list of qualified candidates for the officer's position according to highest score. In the event that two (2) members on a shift have the same score, then seniority will be the deciding factor. If there is no member on a shift that is on the current officers list, then the acting officer will be the senior-most member who meets the requirements to test for an officer's position. The acting officer will assume the duties and the station assignment of the absent officer.

In the event that the department maintains more than two (2) officers on a shift; i.e. a Captain and a Lieutenant, then the absence of a Captain will be filled by the shift lieutenant, who will receive out of grade pay. The Lieutenants position will be filled by the above criteria.

In the case an employee is serving out of rank and is injured, he will receive full pay during the period of incapacity based upon the rate of pay of the employee he was filling in for. If an employee is injured while serving out of rank and should be forced to retire, said injured employee shall be compensated at the applicable rate to be determined by the Rhode Island Municipal Employees Retirement System Pension Board.

In the event that a Captain or Lieutenant is going to be out for a period of more than thirty (30) days, the position will be filled on a temporary basis. A qualified candidate who is on the promotional list with the highest score will be given the opportunity to fill the position of the absent officer until he/she returns to duty.

Section 6. Out-of-Rank Pay

All out-of-rank pay shall be paid the following pay period in which the employee served.

Section 7. Compensation Time

Firefighters can accrue up to a maximum of forty-eight (48) hours of compensation time during each fiscal year (which equates to 72 regular time hours). Firefighters cannot use such compensation time if it results in more than one (1) firefighter being called back to duty on an overtime basis, as the parties hereby agree that the use of compensation time under such circumstances would unduly disrupt the operations of the Department. If a firefighter has any unused, accrued compensation time as of the end of the fiscal year, the Town shall pay the firefighter straight time pay (applicable at the time the compensation time was accrued) for up to 48 hours of such accrued, unused compensation time, (which equates to up to 72 straight time hours).

ARTICLE VII

Section 1. Civic and Private Details

- (a) In any case where an employee covered by this Agreement is assigned to a special detail of a private nature for an employer other than the Town, said employee shall be paid the detail pay hereinafter set forth by the individual Corporation or organization for whom said employee is working before or at the end of the detail period.
- (b) All employees covered by this Agreement who are assigned to a special detail of a private nature for an employer other than the Town shall be guaranteed a minimum of four (4) hours pay at the rate of time and one-half (1½) the lieutenant's rate of pay plus \$1.75. For private details worked on the holidays identified below, the pay rate shall be twice the private detail rate (i.e. 2 x 1½ Lieutenant's rate + \$1.75).
- (c) Whenever an employee of the Tiverton Fire Department who has been assigned to a private or special detail is injured in the course of such detail, he shall be compensated by said Town for all medical and hospital expenses, etc. and the regular rate of pay is to be continued during the period of incapacity as provided by Section 4519-1 of the General Laws of Rhode Island 1956, as amended.
- (d) Exempt clause: For purposes of this Article, civic details are defined as work performed for the Town of Tiverton, Tiverton School Department, or organizations which are not for profit or support similar goals/purposes. Civic details shall be paid at the fixed rate of \$30.00 per hour regardless of the day on which the civic detail is worked.
- (e) The Town shall maintain scheduling of all details. Any disputes regarding scheduling of details shall not be subject to the grievance and arbitration provisions of this Agreement, but instead will be resolved informally between the

Union and the Fire Chief and/or Town Administrator.. The Town will be responsible for billing all person(s), vendors, and/or companies for any and all detail work performed by firefighters. The Town is responsible for transferring compensation to firefighters having worked details. The Town shall attempt to transfer compensation to firefighters within two (2) weeks from when the detail(s) work was performed, but not to exceed more than thirty (30) days, unless the Town has not received payment from the person/vendor/company for which the detail was worked. In that case, payment shall be made by the Town within 10 days of receipt of payment to the Town from the person/vendor/company. The Town will be charged with the responsibility to make sure that any person/vendor/company with a history of delinquent detail payments to the Town will be required, before hiring a detail, to place money with the Town at least equal to the detail payment. Where notified in advance by the Union, the Town agrees that it will seek pre-payment of details from the person/vendor/company identified by the Union.

Holidays to receive special Private Detail rate:

New Years Day	Thanksgiving Day
Easter Sunday	Christmas Day
July4	Christmas Eve (4 p.m. to midnight only)
Labor Day	New Years Eve (4 p.m. to midnight only)

ARTICLE VIII

Section 1. Paid Holidays

Day President's Day	Independence Day
Victory Day	Thanksgiving Day

Columbus Day	Martin Luther King Day

If during the term of this contract the state of Rhode Island abolishes V-J Day as a legal holiday, then this holiday will be replaced by Flag Day.

All employees who are on duty during the shift commencing on Easter Day, Thanksgiving Day, Christmas Day and New Year's Day shall receive an additional Holiday pay, i.e., one-fifth (1/5th) of one week's pay.

Section 2. Vacations

All employees covered by this Agreement shall be entitled to the following vacations:

LINE FIREFIGHTERS:

Service Time	Vacation Eligibility
Six months to less than one year	60 working hours
One year to less than five years	108 working hours
Five years to less than fifteen years	180 working hours
Fifteen years to less than twenty years	204 working hours
Twenty years or more	252 working hours

FIRE MARSHAL:

Fifteen years to less than twenty years	140 working hours
Twenty years or more	172 working hours

As of the date the 3-division structure goes into effect, all accrued, unused vacation leave will be converted to hours at the rate of twelve (12) hours per “working day.”

Each member of the department covered by this contract shall be allowed to select vacation in ten (10) hour, twelve (12) hour, or fourteen (14) hour blocks.

If any member of the department covered by this contract has less than ten (10) hours of accrued vacation leave that remains unused, the firefighter can use that remaining accrued vacation time so long as it does not result in overtime. Said remaining accrued vacation time shall be used in one block.

Any employee who, after one or more years of employment, retires or resigns during the year prior to his or her taking a vacation shall be entitled to vacation pay in accordance with the above schedule.

In the event an employee dies during any calendar year prior to his or her taking a vacation, the amount of his vacation entitlement shall be paid to his or her estate, and if there is no estate, then to his or her widow/widower. If there be no widow/widower, then to his or her children in equal shares.

Section 3. Vacation Schedule

No later than April 15th of each year the Town shall furnish the Union and the stations a vacation leave roster, listing the personnel by seniority showing the amount of vacation leave to which each employee is entitled. Vacations may be taken by the employee in accordance with his desires so that all personnel will be able to apply for their vacation by the 15th of June of each

year.

In selecting vacations, seniority as determined by length of service within the Tiverton Fire Department without regard to rank shall apply. When any vacation hours are taken all stations shall be notified of said hours. Vacation time shall not be accumulated except where illness or injury makes it impossible for employees to take said leave within the year.

If an employee fails to select all of his vacation hours that he is entitled to in any year, he shall lose his seniority rights and he shall be entitled to pick any hours left only after other employees have taken their choice. Vacation schedule(s) are subject to the Chief's approval. The Chief's approval will not be unreasonably withheld.

For purposes of scheduling vacations subsequent to Memorial Day and up to June 30th only, a maximum of one (1) firefighter per shift may be on vacation at any one time. Two members shall be allowed on vacation at one time for the following time periods: Memorial Day Weekend, the month of July, the month of August and Labor Day Weekend. All other times only one member shall be allowed on vacation at a time. The provisions of this paragraph shall sunset on June 30, 2015.

Section 4. Personal Leave

Each member of the department covered by this contract shall be entitled to receive twenty-four (24) hours personal leave during each contract year, which shall be deducted from sick leave, non-cumulative, provided that no overtime is incurred and it is approved in advance by the Chief or the Chief's designee. Personal days will be allowed for no more than one member at any given time and may be allowed on any day or night except July 4th, Thanksgiving, Christmas, and New Year's Day, this includes all shifts extending into said holidays.

The Fire Marshal covered by this contract shall be entitled to receive sixteen (16) hours of personal leave during each contract year, which shall be deducted from sick leave, non-cumulative, provided it is approved in advance by the Chief.

ARTICLE IX

Section 1. Salaries

In addition, if the Probationary Firefighter is a lateral hire, the Town has the absolute discretion to place and/or advance the lateral Probationary Firefighter at any Salary Rate between the Probationary Firefighter Rate and the First Class Firefighter Rate at any time during the firefighter's first year of employment, taking into account, among other things, the probationary firefighter's experience, qualifications, and progression in training. Nothing in this paragraph shall limit the Town's right to dismiss a Probationary Firefighter as set forth in Article V, Section 2 of this Agreement.

Employees covered by this Agreement shall receive longevity payments based on the following schedule:

Longevity payments shall be prorated and made in one (1) lump sum on the first pay period next following the attainment of the anniversary of the longevity service and shall be added to the employee's annual salary so as to be included in his annual salary for pension purposes.

ARTICLE X

Section 1. EMS Incentives

Employees covered by this Agreement shall receive EMS incentives based on the following schedule:

	Effective 7/1/19-6/30/22
EMT-C Certification	\$62.50 per week
EMT-P Certification	\$72.50 per week

**(Payment to commence upon receipt by the Town of notice from the firefighter of successful re-certification).*

All EMS incentives shall be paid on a bi-weekly basis and will be added to the firefighter's annual salary for pension purposes. The above incentive payments will be made as long as the designated certifications are up to date and maintained. The Town agrees to make available the courses necessary for firefighters to maintain the required certification or become re-certified in the appropriate certification. A schedule of the course times will be posted in advance and it is the firefighter's responsibility to schedule time to take the course(s). Firefighters who take the course(s) while on duty will be compensated at their straight time rate of pay. The loss of certification of any skill will result in the reduction of pay incentives to the next lower grade to which the EMT is still certified.

Section 2. Bereavement Leave

In the event that death occurs in the immediate family of a member of the Fire Department, the Town of Tiverton agrees to pay such member for lost time, not to exceed a period of forty-eight (48) hours including the day after the funeral if scheduled to be on duty, from the time of notification of death up to and in the case of each such death for the purpose of attending funeral services and making necessary arrangements therefore.

In the event that death occurs in the immediate family of the Fire Marshal of the Fire Department, the Town of Tiverton agrees to pay such member for lost time, not to exceed a period of thirty-two (32) hours including the day after the funeral if scheduled to be on duty, from the time of notification of death up to and in the case of each such death for the purpose of attending funeral services and making necessary arrangements therefore.

The term "immediate family" shall be defined to include father, mother, spousal children, brother and sister of a member, grandfather, grandmother, father-in-law, mother-in-law, wife's sister or brother. In the event of the "immediate family" other than as provided above, such leave of absence with pay may be granted at the discretion of the Chief.

In the event of the death of a firefighter's niece, nephew, aunt or uncle, the Town of Tiverton agrees to pay such member for lost time, not to exceed a period of twenty-four (24) hours for the purpose of attending funeral services.

In the event of the death of the Fire Marshal's niece, nephew, aunt or uncle, the Town of Tiverton agrees to pay such member for lost time, not to exceed a period of eight (8) hours for the purpose of attending funeral services.

Section 3. Health and Life Insurance

A. Health Insurance for Active Employees

Effective July 1, 2018 and for the life of the contract, the health care plan for all active, full-time members of the department shall be a High Deductible Health Plan with a Health Savings Account (hereinafter referred to as "HSA") with a calendar year deductible of \$4,000 for family coverage and \$2,000 for individual coverage. The Town shall provide an HSA health care plan, which shall have a benefit level, service level, and network level, no less than the level described in Exhibit A attached to this CBA.

Within seven (7) days of the commencement of the calendar year deductible, the Town agrees to advance the monetary amounts of the said deductibles (\$4,000 family or \$2,000 individual) to a prepaid credit/debit card that shall be issued to each member. Each member shall utilize said credit/debit card for medical payments at points of service to satisfy said deductible of the health care plan (HSA).

Members of the department through payroll deductions shall pay the following amount of the above-cited deductibles advanced to the members back to the Town:

- 2019: The member shall repay \$2,500 (family) / \$1,250 (individual)*
- 2020: The member shall repay \$3,000 (family) / \$1,500 (individual)
- 2021: The member shall repay \$4,000 (family) / \$2,000 (individual)
- 2022: The member shall repay \$4,000 (family) / \$2,000 (individual)

* The increased repayment (e.g., \$500 increase for family; \$250 increase for individual) shall be prorated for 2019 to the date of final ratification of this Agreement.

The Town's advance shall be repaid by the employee in accordance with the foregoing schedule in approximately equal installments in each pay period during the calendar year via pre-tax deduction. If an employee leaves service with the Town, for any reason, the employee shall be responsible for repaying the unpaid portion of the Town's advance (as of the date of separation) in-full, which the Town may deduct from such employee's final paycheck. As a condition of receiving this advancement of funds, each employee shall be required to sign an authorization form allowing the Town to deduct any such amounts from his/her final paycheck upon separation. For all new hires, during their first year of employment, the Town shall advance to the new hire the full amount of the deductible (\$4,000 family or \$2,000 individual, as appropriate), and the new hire shall agree to repay the Town for such advanced deductible (\$4,000 family or \$2,000 individual, as appropriate) upon separation of employment, and the new hire shall not be required to repay such advanced funds during that first calendar year of employment (unless they separate prior to the end of their first year). If a full-time, active firefighter is eligible for and opts to elect health insurance through an alternate source (e.g., a spouse's plan or a military plan), the firefighter shall be paid a sum equal to thirty-five percent (35%) of the Town's cost of the health insurance premium for such firefighter, family or individual as appropriate. Such firefighters shall receive the foregoing payment in a lump sum at the end of the fiscal year, which shall be pro-rated for the period in which health insurance has been waived. Should a firefighter lose eligibility for such alternate coverage due to a Qualifying Life Event, as defined by COBRA, the Town shall, upon written notice from the firefighter, permit the firefighter to enroll in Town sponsored health insurance, subject to the terms and conditions set forth in this Subsection (A).

For such retirees, the Town will not make the \$2,000 / \$1,000 payment referenced in the immediately preceding paragraph during the individual's first full calendar year of retirement; such payments will commence in the retiree's second full calendar year of retirement and will continue in accordance with the terms of the immediately preceding paragraph.

For either choice, the retiree shall be responsible for paying the full calendar year deductible with no advancement or payment of deductible funds by the Town.

(3) If a full time firefighter hired by the Town of Tiverton on or after July 31, 2018, retires on a work-related (accidental) disability and is deemed totally disabled (as defined through eligibility for SSDI), then the firefighter shall be eligible for health insurance in retirement on the same terms as if he/she had been eligible for a normal retirement as set forth in Subparagraph (B)(2) herein regardless of his/her years of service to the Tiverton Fire Department. If a full time firefighter hired by the Town of Tiverton on or after July 31, 2018, retires on a work-related (accidental) disability and is not deemed totally disabled (as defined through eligibility for SSDI), then the firefighter shall be eligible for health insurance in retirement on the same terms as if he/she had been eligible for a normal retirement as set forth in Subparagraph (B)(2) herein regardless of his/her years of service to the Tiverton Fire Department; provided, however, such retiree shall be limited to a maximum of 10-years of health insurance in retirement.

(4) If any retiree covered by Article X, Section 3(B)(1), (B)(2), or (B)(3) is eligible for a medical plan that is equivalent to the plan offered by the Town, the retiree shall not be eligible for Town-sponsored coverage. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-800-639-2227 or (401) 459-5000 or TDD 711 or visit us at www.BCBSRI.com. Important Questions	Answers	Why this Matters:
What is the overall deductible?	For In Network providers \$2000 for an individual plan / \$4000 for a family plan. For Out-of-Network providers \$4000 for an individual plan / \$8000 for a family plan.	Generally, you must pay all of the costs from providers up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the policy, the overall family <u>deductible</u> must be met before the <u>plan</u> begins to pay.
Are there services covered before you meet your deductible?	Yes. Doesn't apply to preventive services.	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this plan covers certain preventive services without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No	You don't have to meet deductible for specific services.
What is the out-of-pocket limit for this plan?	For In Network providers \$2000 for an individual plan / \$4000 for a family plan. For Out-of-Network providers \$12000 for an individual plan / \$24000 for a family plan.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family <u>out-of-pocket limit</u> must be met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a network provider?	Yes. See www.BCBSRI.com or call 1-800-639-2227 or (401) 459-5000 for a list of <u>network providers</u> .	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a specialist?	No	You can see the <u>specialist</u> you choose without a referral.

- All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
