

Town of Tiverton, Rhode Island  
Historical Preservation Advisory Board  
343 Highland Road, Tiverton, RI 02878

The Tiverton Historical Preservation Advisory Board (HPAB) has been tasked by the Tiverton Comprehensive Community Plan with educating the public of the town's historic structures, documenting their history, and providing plaques for them. The HPAB is taking the first step towards making this happen by marking these buildings with a plaque designating the building's name and erection date per the state's architectural survey. By marking the historic buildings in town, this will aid in educating the public as to which buildings have played a role in the town's history.

As an owner of such a historic property, we are offering you the opportunity to purchase a plaque for your property at the discounted price of \$40, which also includes a written history of the building taken from various state and local documents.

The photo below shows an example of a plaque for the National Register houses. Houses not on the National Register will have a similar plaque without the last line. The plaque measures 9" high by 12" wide.

If you are willing to participate in this town-wide endeavor to document our town's historic structures by purchasing and displaying an historic plaque on your house, please complete the enclosed form and mail it to the Historical Preservation Advisory Board at the address above with a \$40 check payable to "Town of Tiverton" with "Account 2725" in the memo line for each plaque desired.

Thank you for your cooperation and interest in preservation,

*Tiverton Historical Preservation Advisory Board*
