

TOWN OF TIVERTON

CHRISTMAS TREE RECYCLING PROGRAM

The Tiverton Public Works will collect Christmas trees during the weeks of

January 4 through 8

&

January 11 through January 15

Tiverton residents are asked to place their discarded Christmas trees curbside, adjacent to their trash, on the same day as the normal trash collection. The trees must not be in any form of plastic bag, and should be free of stands, decorations and lights. The Christmas trees will be mulched by a chipper as collected. The resultant mulch will be made available free to Tiverton residents at the entrance to the landfill, during normal operating hours.

Christmas trees not collected during these special collection periods may be dropped off at the Tiverton landfill, 3524 Main Road during normal Landfill operating hours.

Landfill Hours

Tuesday 7:15 am – 2:30pm

Thursday 7:15 am – 2:30 pm

Saturday 7:15 am - 3:00 pm

Tiverton Public Works Department – Stephen Berlucchi, PE, Director
